THIS PAPER CONSISTS OF 16 PRINTED PAGES

SECTION A: (50 Marks)
PHYSICAL AND MATHEMATICAL GEOGRAPHY
Answer ALL questions in this section

1. Choose the correct answer by writing its letter in the bracket provided

- i) The earth is slightly flattened at the _____
 A: Centre B: Poles C: Sphere D: Globe ()
- ii) A planet in the solar system with the nearest orbit around the sun is _____
 A: Neptune B: Venus C: Mars D: Mercury ()
- iii) The natural satellite of the Earth is _____
 A: Sun B: Star C: Pluto D: Moon ()
- iv) An angle of inclination of the on its axis _____
 A: $66\frac{1}{2}^{\circ}$ B: 60° C: 90° S D: $23\frac{1}{2}^{\circ}$ S ()
- v) Tides are highest _____
 A: At the equator B: During the aphelion C: During equinox D: During the eclipse ()
- vi) The most common form of precipitation in East Africa is _____
 A: Haze B: Snow C: Hail D: Rain ()
- vii) The feature which is described as tableland is _____
 A: Plateau B: Basin C: Mountain D: Plain ()
- viii) The world's largest ocean is _____
 A: Arctic ocean B: Pacific ocean C: Indian ocean D: Atlantic ocean ()

- ix) Found between 5° North and 5° South of the equator ()
 A: Hot desert climate B: Mediterranean climate
 C: Savanna climate D: Equatorial climate
- x) The deepest valley in the world is ()
 A: The Great Rift Valley B: Himalaya
 C: Bentley Trench D: Afar Depression

2. Match the items in **COLUMN A** with the responses in **COLUMN B** by writing the letter of the correct answer in the bracket.

COLUMN A	COLUMN B
i) Cartography ()	A: Path of the earth around the sun
ii) Galaxy ()	B: Exhaustible resources
iii) Orbit ()	C: Equal day and night
iv) Stevenson's screen ()	D: The science of making maps
v) High and low tides ()	E: Joint of Africa and Asia
vi) Equator ()	F: The science of study maps
vii) Suez Canal ()	G: A group of stars
viii) Winter ()	H: Inexhaustible resources
ix) Equinox ()	I: Latitude which is a great circle
x) Renewable resources ()	J: Joint of North America and South America
	K: Weather station instrument shelter
	L: The coldest season
	M: Instrument used to measure waves
	N: Result of the rotation of the earth
	O: The warmest season

3. In the following statements write **T** if the statement is true and **F** if the statement is wrong.

- i) Mercury is the one of the planets of solar system
- ii) A solar energy occurs when the earth passes between the moon and the sun.
- iii) Air move from cooler region to warmer because of the difference in pressure
- iv) Kilimanjaro mountain is a good example of fold mountain
- v) Crater is found at the top of fold mountains
- vi) Latitudinal circles are not of the same circle
- vii) A monsoon climate has temperature above 34°C
- viii) The International Date Line follows the longitude 0°
- ix) Marianas Trench is the deepest part of ocean
- x) Air move from cooler region to warmer because of the difference in pressure

4. Answer the following questions in short form

a) What are the characteristics of savanna climate? (Give any three characteristics)

- i) _____
- ii) _____
- iii) _____

b) Distinguish the following terms:-

Weather and climate

① The day to day condition is the average conditions of the

- c) If maximum temperature recorded in the area is 29°C and the minimum temperature is 17°C .

i) Find the mean daily temperature

$$\frac{29 + 17}{2}$$

$$\frac{46}{2}$$

ii) Find the daily range temperature

$$29 - 17$$

$$12$$

$$\frac{29}{4}$$

5. a) List down three conditions that fulfill the heavenly body to be called a planet.

i)

ii)

iii)

- b) "Solar energy is chief source of energy for life". Show how solar energy emancipated African women.

- c) Draw a clear diagram showing the five important parallels of the earth.

SECTION B: (20 Marks)**MAP – WORK**

Answer ALL questions in this section

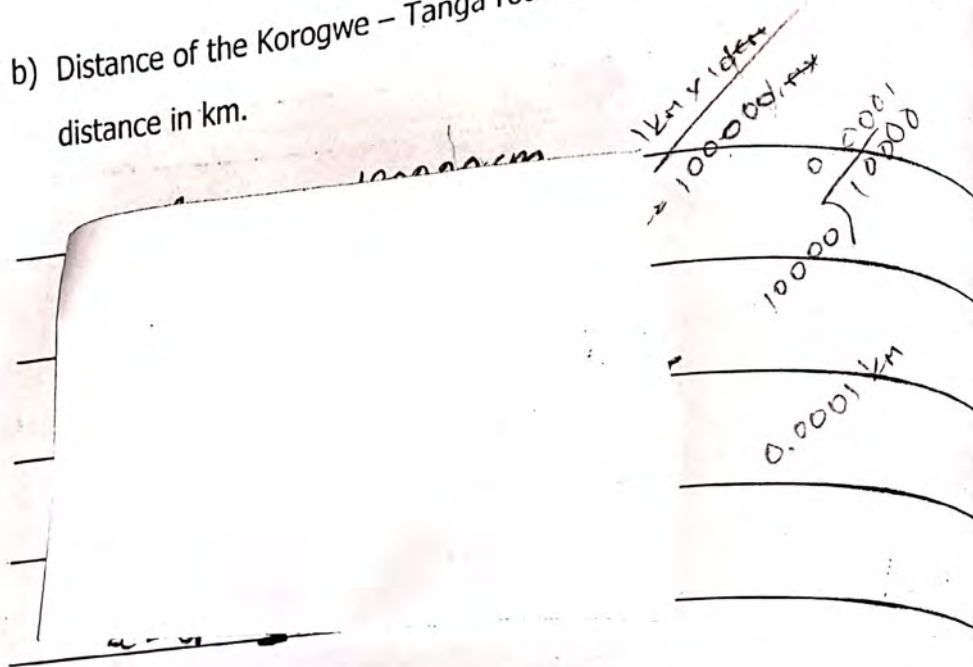

6. Study carefully Map I (SKETCH MAP OF TANGA), then answer the questions that follow:

- a) By using place name method, point out the position of any three parts shown on map.

- i) _____
 ii) _____
 iii) _____

b) Distance of the Korogwe – Tanga road on a map is 10cm. Find the distance in km.

c) Identify method/s used to express map scale in map 1.

d) Write down four uses of maps.

- i) _____

 ii) _____

 iii) _____

 iv) _____

- i) _____
- ii) _____
- iii) _____

SECTION C: (30 Marks)

HUMAN AND ECONOMIC GEOGRAPHY

Answer any THREE questions in this section

7. Explain the characteristics of small scale agriculture

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be from a notebook or a standard ruled sheet of paper. The edges of the paper are slightly irregular, suggesting it might be a scan of a physical document. There is no handwriting or other markings on the page.

8. Explain advantages of road transport

Candidate's Number _____

9. Examine the benefits of the Rufiji Basin Development Authority

PLANET STATIONARY

Find more free educational resources at:
